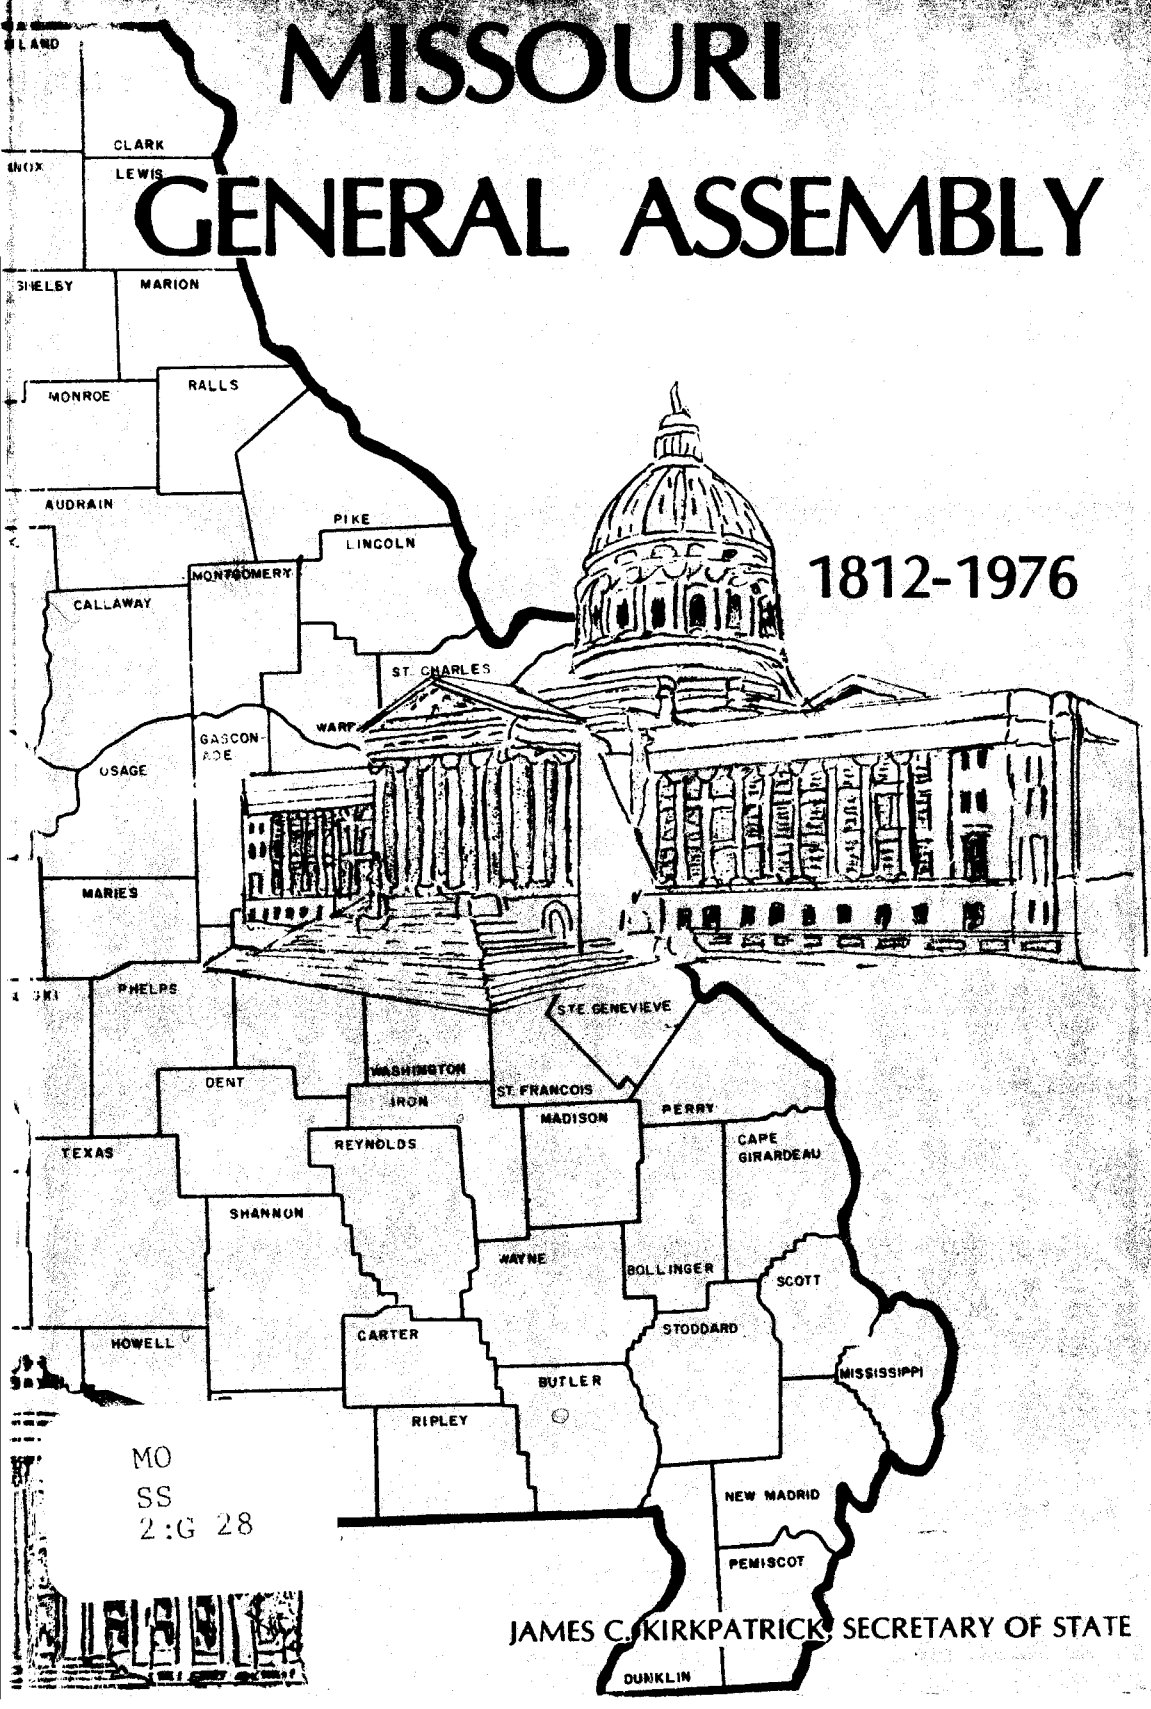
MISSOURI GENERAL ASSEMBLY



1812-1976

A BICENTENNIAL PROJECT
ARCHIVES DIVISION
OFFICE OF SECRETARY OF STATE

Drawings superimposed on the map of Missouri depict the present State Capitol (front cover) the first Capitol at St. Charles (back cover) and the second Capitol in Jefferson City as it appeared in 1876.

FOREWARD

Compiling and publishing the membership of the Missouri General Assembly from territorial days to the present was a project of the Archives Division of the Office of Secretary of State during observance of the American Revolution Bicentennial.

The membership index is divided into two parts:

Part I begins with the achieving of territorial status for Missouri and lists General Assembly members through the 1937 session. The research for Part I was largely done by Thomas D. Shriver, a researcher in the Office of Secretary of State during the 1930's.

Part II, to insure continuity, begins with the General Assembly elections held in 1934 and continues through the session which ended on May 15, 1976. It was compiled by the present staff of the Archives Division.

Printing of the index was achieved with the cooperation and assistance of the Missouri Senate and House of Representatives.

The end result is a unique reference work, which hopefully will be valuable to students and researchers today and in the future.
